

- * premiums are to be settled within seven working days of every month's first week. After seven days, the premium constitutes an interest of 20% as a penalty to maintain companionship with us.
- * all premiums unpaid for a period of 3 months shall be forfeited and particular member's services upheld, unless otherwise settled on agreement.
- * our premiums are inflation based. If commodity prices upscale our premiums may change once every 3 years.
- * any member paying via money send must also pay for the service charges at a time of paying their premiums. i.e Shoprite charges R10 for service & that should be paid by a member (R150+R10 / R240+R10 / R450+R10).
- * premium packages are non-transferable & no cash shall be refunded to any member even during if no graduates.
- * account upgrades should be done in the beginning of the year. no member shall upgrade from standard acc to platinum or gold after January of each year.
- * All members shall pay/buy their own T-shirts; we only sell T-shirts upon request & print them free to all our members. Members are not restricted to buy from us. **Feel free to buy your T-shirts where you wish & we will still print them for free. Maximum of 50 per member.**
- * members who feel like they want things that are not part their package shall pay cash for such goods/services rendered, upon request.
- * holidays do not interfere with payments. All premiums shall be paid in full from January to December (12 months period length).
- * members who join the club after closing dates, each year, shall pay full premiums from January to December even if joining in October-November-December.
- * it is every member's responsibility to ask of what the benefits are in whole. No member(s) shall put a blame on Honeywax, Inc. for imbalanced materials in comparison with other members.
- * we do not deliver the pack/goods unless a members has lodged a request for such delivery or service. What we deliver to other members don't automatically get delivered to you, the only time we shall do so is if you put forth a request for such goods/service.

- * based on financial services associations in South Africa, our prices can be altered to cover expenses if found to be insufficient. Such will be brought forth to each member by us in writing, verbally or otherwise.
- * members who cease to pay their premiums will be considered to be inactive and the account cancelled. Should such a member wish to come back, a new account will be opened and such a member pay a full affiliation cost as all other new members we haven't known before.
- * Members outside of Gauteng Province should arrange photo shoot 3 months before their month of graduations.
- * Offers are not exchangeable: Graduation T-shirts print does not replace the mid-year T-shirts print (if a member does not print mid-year T-shirts he/she can't replace them with Graduations T-shirts print)
- * If a member doesn't have graduation for the year, they can resell their pack to the nearest centre provided that that centre doesn't have excess of 8 grad units.
